

Transportation to the UD Children's Campus

Laboratory Preschool

The College School

Early Learning Center

Students doing clinical placements, observations, attending classes, or conducting research at the Laboratory Preschool, The College School, and/or the Early Learning Center have various options for transportation in addition to walking:

- The University has a shuttle that stops on Wyoming Road. Route information can be accessed at www.udel.edu/transportation or by calling 302-831-1187.
- Parking at the Children's Campus is permitted with a Gray parking permit or above. There are also 2 spots with parking meters. Students with the proper permit can also park in lot 39, which is located to the West of the Children's Campus (about a 10 minute walk). For those that want to use this lot, additional fees may be required (see below).
- Biking is another option. We have bike racks for locking your bikes. The James F. Hall trail runs behind the Children's Campus and has connections at Chapel Street, Manual Street, Academy Street, South College Ave, and other streets west of South College Ave.

Information for Parking in lot 39

Students living in residence halls with a current permit do not have to pay an additional fee to park in lot 39 but must go to Parking Services and get their permit authorized for lot 39.

Students living in residence halls who do not have a current permit as well as commuter students will need to pay a fee in order to park in lot 39. Check with parking services about the rates.

To secure a spot in lot 39, students may need to provide something in writing from their department/instructor documenting their participation in a placement, class, or project that requires this service. If you're completing observations or a placement at the Laboratory Preschool, email labpreschool@udel.edu for this letter. If you have questions, please contact parking via email at parking@udel.edu or by phone at 302-831-1184.
